About RhyTech

RhyTech – Materials World is the new technology park for material sciences in Schaffhausen.

RhyTech provides superb infrastructure for start-ups, high-tech businesses and academia. You will profit from the international network, scientific R&D knowledge and state-of-the-art technical center.

RhyTech is a public private partnership of Alcan Technology & Management AG, ITS Industrie- und Technozentrum Schaffhausen and Canton Schaffhausen. The project is also co-funded by the State Secretariat for Economic Affairs (SECO).

RhyTech • Materials World, a stone's throw away from the Rhinefalls
